SLOPE EASEMENT

2-58

SEATTLE FIRST NATIONAL BANK as
THE UNDERSIGNED GRANTORS, Trustee for REX STRICKLAND and
LORENA M. STRICKLAND, for and in consideration of one
dollar (\$1.00) and other good and valuable consideration in hand
paid, the receipt of which is hereby acknowledged, do hereby grant,
convey and transfer unto the CITY OF MOUNTLAKE TERRACE
a municipal corporation, and its agents, a permanent easement, in-
cluding the perpetual right to enter upon the real estate herein-
after described, at any time that it may deem fit, and construct,
maintain, repair a slope easement over, across and through the
lands hereinafter described, together with the right to excavate
and/or fill said slopes, and the further right to remove trees,
bushes, undergrowth and other obstructions interfering with the lo-
cation, construction and maintenance of said slope easement.

The easement hereby granted is located in the County of Sno-
homish, State of Washington, and is more particularly described as
follows:

The N 10 ft of the following described property: Beg at a point
lying 20 ft W and 30 ft S of the NE corner of the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$
of Sec 28, Twp 27 N, R 4, E.W.M.; th S 190 ft; th W 142 ft; th
N 190 ft; th E 142 ft to the true point of beginning.

The City agrees to finish said slope to a uniform grade and
to maintain the same at said grade. Nothing herein contained shall
in any way be construed to prohibit the grantors from using said
property as they deem fit, or to construct improvements thereon, so
long as the use by Grantors does not aggravate the conditions for
which this slope easement is granted.

IN WITNESS WHEREOF, the parties hereto have hereunto set
their hands this 9th day of October, 19 68.

Figure 1. A schematic diagram of the experimental design. The subjects were divided into two groups: the control group and the intervention group. The control group received a standard curriculum, while the intervention group received a curriculum that included a module on the effects of alcohol on the body. The subjects were then asked to complete a questionnaire about their alcohol consumption and the effects of alcohol on their body. The results of the questionnaire were then compared between the two groups.
