

CITY OF MOUNTLAKE TERRACE

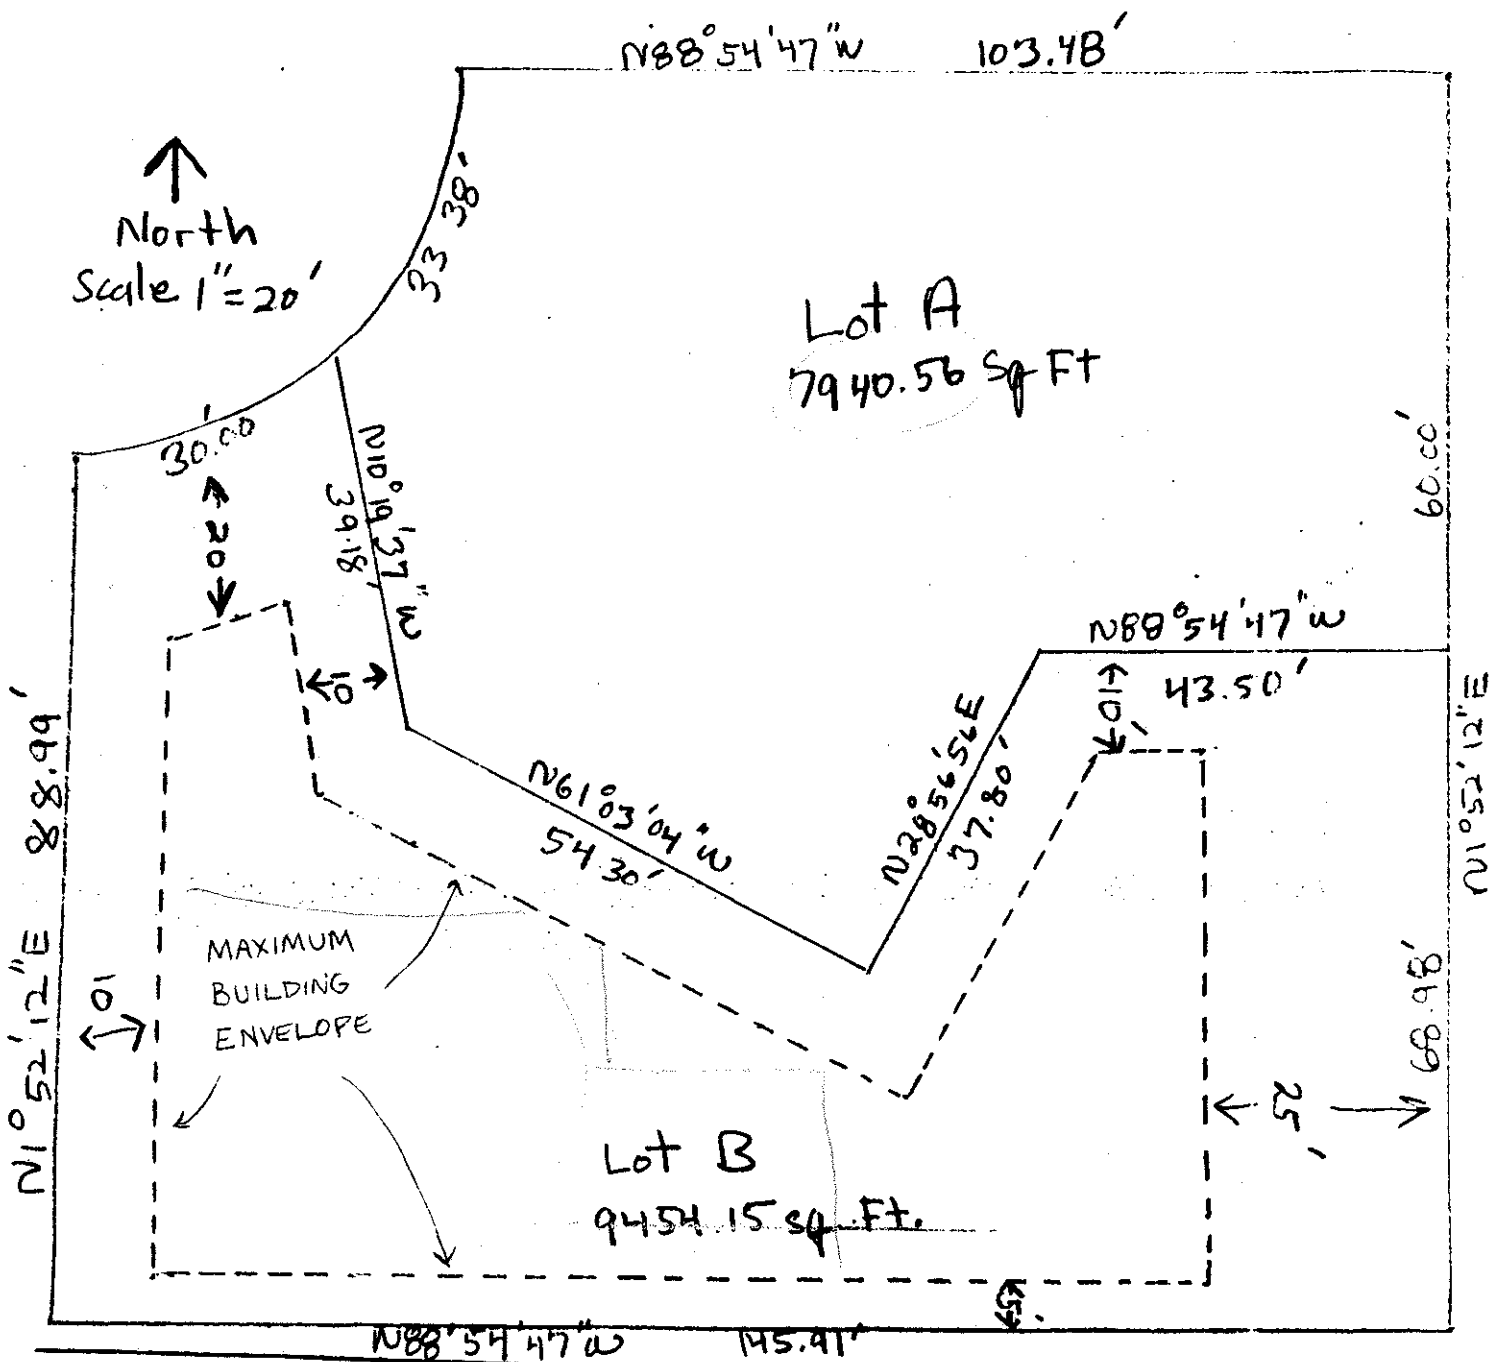

SHORT PLAT # 89-132

NOTE: Supplemental sheets may be required to meet information requirements covered under instructions.

COVENANT FOR SHORT PLAT NO. 89-132

Prior to final inspection for any structure or any other impervious surface constructed after the date of recording of this plat, all storm water runoff from said impervious surfaces shall be directed into drain rock pits located on the site. For each 300 square feet or fraction thereof of impervious surface, a five (5) foot by five (5) foot by five (5) foot (125 cubic feet) drain rock pit shall be constructed.
