**Re: Address Correction to 21709 Highway 99**

Dear Carl:

It has come to our attention that two buildings at this site have the same address. In order to bring them into conformance with the city-wide address system, the address you are now using for United Auto Sales is 21705 Highway 99 and it is being changed to 21709 Highway 99.

The new address must be posted with numerals at least three inches high in colors contrasting with the background and in such a manner and location as would be easily visible from the street.

You will need to fill out a change of address with the Lynnwood Post Office. This office will notify the following agencies listed below. The post office will deliver mail addressed either way for one year.

U.S. Post Office  
Verizon Communications  
AT&T Cable Services
