## SIDE SEWER DRAWING

- 1. Drawing must be clearly labeled (streets, north arrow).
- 2. Indicate location of all piping, cleanouts, manholes or other fixed features.
- Dimension pipe length and distance from other features.
- 4. Label diameter, bends, material type of pipe and depth at cleanouts.

Call before you dig: 1-800-424-5555 (or 811)
